SUMMARY OF FINDINGS AND RECOMMENDATIONS

Board of Selectmen
Town Office
Hinsdale, New Hampshire 03451

Members of the Board:

We have examined the financial statements of the various funds and account groups of the Town of Hinsdale for the year ended December 31, 1980 and have issued our report thereon, dated June 3, 1981. As part of our examination, we reviewed and tested the Town's system of internal accounting control to the extent we considered necessary to evaluate the system as required by generally accepted auditing standards. Under these standards, the purpose of this evaluation is to establish a basis for reliance when determining the nature, timing and extent of other such auditing procedures that are necessary for expressing an opinion on the financial statements. Our study and evaluation disclosed no weaknesses, conditions that we consider to be material. However, we offer the following comments to assist the Town in improving their financial operations.

GENERAL COMMENTS

Enterprise Fund - Sewer Department

The Selectmen should do an indepth review of the methods currently used in determining the sewer charges toward the end of establishing a more realistic level of income. Under guidelines issued by the National Council of Governmental Accounting for enterprise funds, user charges are expected to fund all operating expenses including depreciation and interest on debt. This is particularly relevent in your situation where the entire community is not serviced by this service.

As disclosed in Note 1 to the financial statements the Sewer Department in the past has not consistently capitalized additions to its plant and equipment or accounted for its debt service obligations.

We recommend that the Selectmen immediately recognize the costs associated with the new sewer plant, the related Federal, State and Town contributions and include all sewer related debt in the rate base.

Trust Funds

The Trustees of Trust Funds should review the return on investments in their care toward the end of maximizing earnings. The creation of a common trust for the cemetery funds would allow a far greater rate of return in this period of high yield investment instruments. Current interest rates hover around 14% on six-month certificates.

We recommend that the trustees consider seriously, the creation of a common trust fund. The pooling, for investment purposes, of individual cemetery trust funds into a so-called "common trust fund", makes practicable the ownership of high yield investment securities in lieu of, or in addition to, static savings bank deposits. This division is available to assist the Town Trustees in setting up the necessary accounting records.

Municipal Court

Internal controls over virtually all accounting areas are weak. The majority of these weaknesses are caused by the lack of separation of incompatible accounting duties due to the small number of individuals involved in the accounting function. Without the expansion of the court personnel, which would not be practicable, such separation of duties is not possible.

Inventory of Fixed Assets

As is the practice with many New Hampshire municipalities the Town of Hinsdale has not maintained a record of its fixed assets. Town officials should initiate formal fixed asset records. Cost, or consideration given, is the generally accepted method for valuing fixed assets, and should be recorded on new acquisitions. Where adequate documentation of cost is unavailable for existing fixed assets, an estimate of original cost may be acceptable. The existence of fixed asset records will not only aid Town officials in their control of these assets, but should be an invaluable tool in long-range planning.

Publication Requirement

The provisions of R.S.A. 71-A:21 require that only this letter be published in the next annual Town Report.

However, we suggest that you consider the publication of the entire report which includes auditor's opinion, financial statements and notes to financial statements. No portion of either the auditor's opinion, financial statements or notes to financial statements may be published separately.

We extend our thanks to the officials and employees of the Town of Hinsdale for their assistance during the course of our audit.

HINSDALE PUBLIC LIBRARY

1981

1981 was another good year for the Library. Mrs. Elizabeth Glover was appointed Assistant Librarian, and she brings a wealth of experience for the benefit of the organization.

During the summer months, the Library obtained seven sets of motion pictures for the Parks and Recreation Commission for use in its summer program.

A summer reading club initiated and supervised by Mrs. Glover was quite a success for children from the first to the eight grades. Thirty one children participated in the program, nine of them have never before taken books from the library.

Unfortunately during the year a number of services formerly offered by the New Hampshire State Library were cancelled, due to the budget cuts enacted by the state government.

Many thanks to those local citizens, who gave books and paperbacks to the library for the use of our patrons.

At the end of the school year Mrs. Doris Smith, Trustee and Secretary of the Library Committee, retired after serving the schools of Hinsdale for forty years as teacher and Assistant Principal of the High School. Her services to Hinsdale over the years will be missed and our best wishes for happy years ahead.

Our gratitude to those who placed exhibits in the library; Mrs. Mildred Chamberlain, an exhibit of sea shells from many parts of the world: Charles Pardee, Curator of the Hinsdale Historical Society, old pictures of Hinsdale: Boy Scout Troop 307, Peter Edson Scoutmaster,: The Catholic Daughters of the Americas, Mrs. Beverly Fecto, Regent, : Mrs. Betty Glover rocks and minerals.

HINSDALE POLICE DEPARTMENT
1981

To the Citizens of the Town of Hinsdale.

I hereby submit my report for the Police Department covering the activities of the past year, ending December 31, 1981.

This year has been a busy one for the Hinsdale Police Department and can be seen by the rise in serious crime. We are a thin blue line between a jungle of lawlessness and a society of law and order.

Your department has seen some changes in the past year such as Rules and Regulations, Departmental Policy and the encouragement of firearms instruction for the Officers and the public.

This department has been trying very hard to get the drunk driver off the road. We had an approximate increase of 88% of D.W.I.'s; some of these drivers were apprehended during the afternoon hours when school would be getting out.

We have been hard at work recovering stolen items as can be seen below.

In 1981 the Police Department brought forth to the Hinsdale Municipal Court an increase of 110 complaints over last year's total of 276.

HINSDALE PUBLIC HEALTH NURSING ASSOCIATION
1981

The following is a report of the activities of the Association from January 1 to December 31, 1981

Skilled Nursing visits:	339
Physical Therapist Visits:	195
Home Health Aid Visits:	5

The agency has continued to conduct its regular programs through the year in addition to the above visits made.

These programs include: Free monthly blood pressure clinics at Rolling Hills Village Community Building the second Thursday of each month. The attendance at these clinics has been 4o to 50 people per month with follow ups as needed.

The agency nurse participated in the WIC (women, infants, and children) program monthly.

The agency nurse participated in the Well Child Clinic in Keene four times during the year.

The agency nurse has attended monthly inservice education meetings in Keene.

The Board of Directors voted late in 1981 to participate in the formation of a new human services agency with five other agencies serving a total of 33 towns. This move will place the administrative burden on a central office in Keene and free the nurses in various branch offices for nursing duties. The nursing services will be the same although the phone will be answered with the new name of Home Health Care and Community Services. The other new addition will be a telehpone number to call in Keene (352-2593) if someone needs to talk to a nurse and cannot reach the nurse in the Hinsdale office.

ADMINISTRATIVE ASSISTANT'S REPORT

To the Residents of the Town of Hinsdale:

Having served for more than a year as Administrative Assistant to the Selectmen of Hinsdale, I have come to realize that the problems and challenges facing the Town and its residents are many. Hinsdale is a community that demands attention, attention from its public officials and citizens alike. As most residents are aware, the Selectmen and other officials and volunteers are currently engaged in working to solve such problems as the critical shortage of the municipal water supply, a stagnant tax base and the rising cost burdening the taxpayer. These problems are complex, and to solve them will take great effort and cooperation.

It is my opinion, that in 1981, Hinsdale's officials took a giant step toward meeting Hinsdale's challenges head-on. Our new Board of Water and Sewer Directors is developing a plan to deal with the water problem while the Master Plan Committee is working on a comprehensive plan of development for the Town. Additionally, the Selectmen and Fire and Police Departments have worked many hours on the development of an emergency notification and evacuation plan to protect Hinsdale's residents in the event of a problem at the Vermont Yankee Nuclear Power Plant in Vernon. These are but a few examples of the untiring efforts exhibited by those individuals and groups working for the Hinsdale community.

On behalf of the people working for the community, I ask for your assistance in meeting the challenges ahead. Interested citizens are continually needed to make contributions of time, ideas and moral support.

Respectfully submitted,

Jeffrey Francis
Administrative Assistant

HINSDALE BOARD OF ADJUSTMENT

1981

The Board of Adjustment of Hinsdale, New Hampshire reports that they heard seven cases in 1981. They voted favorably in all seven cases, and had to rescind and invalidate a variance in one case due to a technicality.

During 1981 the board welcomed new members Carol Rosploch, Barbara Dube and Grover Copeland. They accepted with regret the resignations of Charles Gratton and Carol Rosploch.

The Board of adjustment meets regularly the first Tuesday of every month in the community room of the town hall at 7:00 p.m.

Members of the board are Anna Mahoney, Acting Chairman, Beverly Algeni, Secretary Annie Butler, Richard Duke and Alternates Barbara Dube and Grover Copeland.

Winchester District Office
of
Monadnock Family & Mental Health Services

The Winchester District Office of Monadnock Family and Mental Health Services is located at Kulick's Mall in Winchester. It provides counseling services to the residents of Richmund, Hinsdale, and Winchester. The office is staffed by four professionally trained counselors and a part-time psychiatrist.

Counseling services are provided to adults, adolescents, children, and for family and marital problems. In addition, the staff conduct education courses on parenting skills, work with teachers and students at area schools, and provide psychiatric advice and assistance to other community services.

Last year ninety-nine (99) residents of Hinsdale utilized our services. We have a Citizen Advisory Board to assist us in planning for services. Your representatives are Hattie Greenwood and Marie Gormly.

REPORT OF THE 1981 HINSDALE PLANNING BOARD

The Hinsdale Planning Board heard five subdivision cases and four site plan review cases in 1981. Public hearings were held on the subdivision amendment for flood hazard areas, and amendments to Hinsdale's subdivision regulations to comply with RSA 36:26. The Board has been assisted by Southwest Region Planning Commission on several occasions, and Mrs. Catherine Larson, Director attended our April meeting. In August, the board and interested townspeople started work on the Master Plan. A survey was prepared and distributed. The information received on these surveys is now being compiled. The board would like to thank everyone who helped in the preparation, distribution and collection of the surveys. Jeff Francis has been most helpful to the planning board this year, and his efforts are very much appreciated. The board welcomes residents to attend their meetings, held the third Tuesday of every month in the town hall. Town participation in the development of the Master Plan is needed, and we invite all to the meetings.

PARKS & RECREATION
1981

In 1981, the parks and recreation department continued our efforts at increasing our services to the people of Hinsdale. Our skating party was a big success: we bought 100 hot dogs and sold 99 of them. The skating rink didn't last long because of the weather, but it was well used while it was frozen.

We had an Easter egg hunt for the children. We hid 400 chocolate covered marshmellow eggs and had the children divided into age groups. Most of the children managed to get more than one egg.

The summer program was well attended, with many special event days to keep interest up. We used a novel approach to our summper program in 1981. Due to our playground director taking college courses, we traded some daytime hours with the children for some evening hours with adults. The evening programs were not as well attended as we hoped, but the few who went to the various programs were enthusiastic. There are vaious ways to measure success, and the committee was divided on the success of this idea, so it probably will not be tried again.

The spooky tradition of our haunted house continued in 1981 with "The Tomb". We thank all those who worked with us, especially Al Pelletier who was a great mummy.

Santa Clause visited the park again before Christmas, arriving by fire engine to a crowd of anxious children. For 1981, the children were pleased to receive candy canes and gifts.

We were quite lucky this past year with regard to vandalism and maintenance costs. We did have to replace the chlorinator pump in the swimming pool.

In summation, we feel that we have had a great year. We very much miss the dedication and hard work put in by Ann Boyd and Sandy Moore, whose 3 years experience took us through the summer very smoothly, and Sandy Ware, whose organization and ideas helped make some of these things happen.

We are looking forward to replacing them with equally devoted people. Anyone who is interested in joining the commission or helping on a project, please contact any member of the commission.
